FOUR ARRESTED IN CONNECTION WITH CLOTHING STORE ROBBERY

One Winchester and Three Muncie Young Men Said to Have Confessed Part in O. P. C. H. Burglary

BROUGHT TO RUSHVILLE TODAY

Apprehension is Brought About Through Ingenuity of Jack Knecht and Dale Fisher

PLAY PARTS OF DETECTIVES

Karl Spivey and John Barrett Also Help by Identifying Strangers Seen Here July 21

Through the ingenuity of Jack Knecht, proprietor of the Knecht's O. P. C. H., and Dale Fisher, a clerk in the store, assisted by two Rushville boys, four young men of Muncie and Winchester who burglarized the store here the night of July 21 and took about \$1,000 worth of merchandise, have been apprehended and were brought here today and placed in jail.

The men under arrest are: Russel Shepherd, 117½ West Jackson street, Muncie. Unmarried.

Fred Bemmer, who lives on a farm south of Muncie. Unmarried.

James Martin, 22 years old, who works in a pool room at Winchester. Unmarried.

Edward Bemmer, brother of Fred, 314½ South Mulberry street, Muncie. Married and has a small child.

Estel Williams, 24 years old, of Winchester, was also arrested, but was released early this morning at Muncie when he proved his innocence.

The trail led to Muncie because a cap with the trademark of a Muncie clothing firm was found in Knecht's store the morning after the robbery.

A large portion of the stolen merchandise was found in Muncie and Winchester and was brought back here early this morning by Mr. Knecht. He has hopes of recovering more of it but doubts if all can be located because it was distributed among a number of persons in Muncie and Winchester.

Karl Spivey and John Barrett of this city were largely instrumental in the apprehension of the four alleged thieves because they saw the crowd of strangers here the night of the robbery and identified some of them on the Muncie fair grounds Wednesday afternoon, giving Mr. Knecht the first clue on which to work.

MERCHANTS ASKED TO HELP PLAN PICNIC

Fred Bell, President of Farmers Association, Invites Them to Meeting Tonight

FARMERS WILL ENTERTAIN

Fred Bell, president of the Rush County Farmers association, has invited the business men of Rushville to meet with him and other officers and representatives of the farmers association tonight at seven-thirty o'clock in the court house assembly room to discuss plans for the picnic which the farmers of the county will give for Rushville people in the near future.

It will be recalled that following Farmers Day here last March, when farmers of the county were guests of the Rushville merchants, the suggestion was made by a number of farmers that they should entertain Rushville people who were their hosts, at a picnic this summer, after the threshing season.

The question was again raised at a mass meeting of farmers last month and the farmers voted unanimously to give the picnic to show their appreciation of the entertainment here Farmers Day and to foster the community spirit which was engendered by the festivities last March.

day were Mr. Fisher, young Barrett, Sheriff E. M. Jones, Prosecutor Albert Stevens and Elmer Yeater of Lafayette, brother-in-law of Mr. Knecht.

Williams was the first man arrested. He was taken on the fair grounds at Muncie yesterday afternoon and immediately protested his innocence and implicated the alleged thieves.

He was arrested because he was wearing a cap from Knecht's store which he had bought from Martin, one of the quartet under arrest. Mr. Knecht and Mr. Fisher recognized the cap yesterday afternoon and finally managed to make identification certain.

Mr. Fisher got in conversation with Williams and through the power of suggestion, by removing his hat and complaining about the hot weather, finally succeeding in getting Williams to take his cap off. A glance at the inside of the cap showed that all of the O. P. C. H. trademark had been removed except the "H." and this clinched the identification.

The Muncie police had been advised of the Rushville men's suspicions Wednesday afternoon and co-operated with them. A policeman on the fair grounds was called and arrested Williams. It was not long until he told all he knew about the affair, declaring that he had bought the cap from Martin.

Shepherd was identified as connected with the robbery in some way Wednesday afternoon, when Spivey and Barrett recognized him as one of the strangers they had seen here on the night of the robbery.

Mr. Knecht and Mr. Fisher followed them and put up some small bets with them on the horse races while close to the track. In this way they got on friendly terms. The Rushville clothier recognized the hat Shepherd was wearing as one out of his stock and began complimenting Shepherd on it.

Shepherd never suspected Mr. Knecht's inquisitiveness and finally showed him the hat. The trademark had been torn out of the inside which led the Rushville men to believe it was one out of their store. When asked where he got the hat,

SOLDIERS TO SPEND SUNDAY AT M'COY'S

Detachment From First Division in Camp Here Accepts Invitation to Amusement Park

TO PUT ON STUNT PROGRAM.

The detachment of thirty soldiers of the First Division, from Camp Taylor, Kentucky, who are in camp at the city park here, will leave Sunday morning at four o'clock for McCoy lake, southeast of Greensburg, where they will be the guests of Curtis McCoy, owner of the amusement resort, all day Sunday.

Mr. McCoy, who was here today, said that he had invited the soldiers to his park and that Capt. Thomas Henry, who is in command of the detachment, had accepted the invitation. Furthermore, Mr. McCoy said, all ex-service men in uniform will be admitted free of charge to the park all day Sunday.

The First Division men will put on a series of stunts, consisting of jumping, roman riding, mounted wrestling and a slow mule race in a forty acre field adjoining the park, Sunday afternoon at three o'clock.

Mr. McCoy said the park had enjoyed wonderful patronage this summer, there being one thousand people from many cities in this section of the state last Sunday. He stated that 120,000 bass had been put in the lake this summer, making it one of the finest fishing lakes in the country. Mr. McCoy declared the government, after a careful investigation, had pronounced the lake the best for bass spawning in the United States, considering the number of acres under water.

TWO KILLED AND 36 HURT

Rioting at Denver by Street Car Men Causes Damage

(By United Press.)

Denver Colorado, Aug. 6.—Two hundred citizens volunteered today to serve as special officers following last night's six hour rioting by street railway employees and sympathizers in which two men were killed, 39 injured and thousands of dollars of damage done to property. An appeal was made by city and state officials for two thousand volunteers to help prevent further riots.

The situation this morning was quiet but no attempts were made to run street cars.

EX-DEPUTY SHERIFF DIES AT CARTHAGE

Drury Holt, Civil War Veteran and Rush County Pioneer, Succumbs Early Today

FUNERAL 2 O'CLOCK SUNDAY

Drury Holt of Carthage, formerly of Rushville where he was deputy sheriff during the term of the late John W. Tompkins, expired this morning at one twenty at his residence in Carthage, where he has resided for the last 25 years.

The deceased had been in poor health, declining with advanced age, and his death was not wholly unexpected, being in his 80th year. He was a long time resident of this city, where he was engaged in business, and moved to Carthage a quarter of a century ago, where he took an active interest in the welfare of that town, and was known as the founder of the grade schools of that town.

Mr. Holt was a Civil War veteran and was engaged in several of the big battles of that war, having enlisted in Company B, 52th Regiment, Indiana infantry. A brother, Henry Holt an attorney of Indianapolis, died a few years ago, and the deceased is survived by a widow and one brother, John G. Holt of Spencer, Ind.

The funeral services will be conducted Sunday afternoon at two o'clock in Carthage, the exact place not being determined upon by the family. Burial will be made in the cemetery north of Carthage.

MACHINE RUNS INTO MOVING FREIGHT TRAIN

Howard Hill of Carthage and William Henley, Jr., Escape Injury in Accident Here

FRONT OF MACHINE DAMAGED

A touring car owned by William J. Henley of near Carthage, formerly of this city, and driven by Howard Hill of Carthage, ran into a passing freight train on the Big Four railroad, at the West Third street crossing last night about 9:30 o'clock, and the machine was badly damaged, the front part being broken.

The driver failed to see the freight which was passing the crossing, going south, and ran into a box car, which turned the machine completely around, breaking off the two front wheels, and battering up the radiator and hood, but not even breaking the windshield.

Besides Hill, William Henley, Jr., who lives in the southern part of the state, was in the machine, and both occupants escaped with only scratches, which is probably due to the fact that the windshield did not break. Patrolman Pea investigated and learned that the machine was not going fast, and it is not known why the driver could not see the passing train, as there is a street light at the crossing and the view is not obstructed, as the machine was headed toward the west.

MOB DESTROYS FOREIGN SECTION

West Frankfort, Ill., in State of Anarchy Until Company of State Troops Arrives Today

7 DEAD, 65 WOUNDED IS TOLL

Raid Starts When Two Small Boys Are Found Murdered—About to Implicate Foreigners

(By United Press.)

West Frankfort, Ill., Aug. 6.—With the arrival of a company of the 9th Illinois Infantry, 150 state troops today assumed control of the situation here where rioting late yesterday caused the death of several men and injury to more than fifty.

The troops arrived at 9 a. m. and found the town comparatively quiet.

Marion, Ill., Aug. 6.—Seven are dead and 65 are wounded, the foreign section of West Frankfort, Franklin county mining town, is a mass of glowing embers and a mob of five thousand controls the municipal government.

The town is in a state of anarchy. An appeal for troops was made last night following hours of mob rule. Five companies of state militia were immediately ordered to this place.

The roads leading to West Frankfort were crowded with armed men rushing to join the mobs.

The mobs began burning homes of foreigners about eleven o'clock last night. They disarmed all authorities, seized telegraph and telephone lines and established a censorship to prevent news of their activities from reaching the outside.

The bodies of two small boys with their throats cut, bullet wounds in their head and buried in the leaves, were found by squirrel hunters late Tuesday. The two boys had been kidnapped Monday when it was learned they were about to reveal information to the police implicating several foreigners in West Frankfort with a series of recent robberies.

Foreigners in West Frankfort and Marion are rushing out of the town. The mob ordered the mayor and all Italians to leave the town within twenty-four hours.

AUG. 25 RUSH COUNTY DAY AT LEGION EVENT

Joe Welsh Post of Greensburg Announces Jubilee at Greensburg August 23 to 28

BACKED BY BUSINESS MEN

Philip B. Stapp, former Greensburg newspaper man, who enlisted with Company B here in 1917 and was at Camp Shelby, Miss., with Rush county boys, was here today advertising the American Legion Jubilee which will be given by the Joe Welsh post at Greensburg Aug. 23 to 28.

Mr. Stapp said that Wednesday, August 25, had been selected as Rush County Day and that on that date they are expecting a big delegation from this county. He stated that the jubilee had the endorsement of the Greensburg Rotary club and business men generally and that the success of the venture was already assured.

Mr. Stapp declared the jubilee would have all the features of a county fair except horse racing; that \$3,000 would be spent for free attractions alone, including Roger Babcock in his act of looping the loop and flying the flume, which was a feature of the Panama Pacific exposition. One hundred concessions and ten shows have been contracted for the jubilee, he stated.

SHELBY COUNTY LICENSE

The Shelby county clerk issued a marriage license yesterday afternoon to Thomas R. Byrd, age 46 of Rushville and Minnie J. Smith, age 32 of Shelbyville.

POLISH SITUATION TOPIC

President Wilson Confers With Secretary of State Today

(By United Press.)

Washington, Aug. 6.—President Wilson today called Secretary Colby and Under-secretary Davis into conference with him at the White House on the Polish question. The conference lasted for more than one hour.

The officials brought all data in the hands of this government on the Polish situation to this conference. No announcement was made of the result of the consultation.

FORMER RUSHVILLE WOMAN DIES TODAY

Mrs. Lot Lee, About 52 Years Old, Expires at Her Home in Indianapolis of Paralysis

WAS FORMERLY EMMA LAKIN

Mrs. Lot Lee, about fifty-two years of age, former Rushville woman, died at her home in Indianapolis, 1656 Park Avenue, this morning of paralysis. Mrs. Lee was formerly Miss Emma Lakin of this city and was the daughter of James S. and Katherine Lakin, pioneer residents of this county, both of whom are dead.

Mrs. Lee had been ill for four years dating from the time she suffered the first stroke of paralysis. Since that time she had suffered several minor strokes, and on Tuesday she was fatally stricken, resulting in her death at seven o'clock this morning.

Mrs. Lee was a member of the Memorial Presbyterian church of Indianapolis and took an active part in church affairs as long as her health would permit. She visited relatives in this county every summer until a few years ago.

Mrs. Lee is survived by her husband, who is employed in the news department of the Indianapolis News; three children, Frank of Detroit and Kathryn and Louise of Indianapolis, and two brothers, Frank and Edward Lakin of Los Angeles. Two grandchildren also survive.

The funeral services will be held at the late residence Monday afternoon at three o'clock and will be private. Burial will take place in Crown Hill, Indianapolis.

FINAL TOUCHES ARE PUT ON THE CITY PARK

Preparations Are Practically Complete For Opening of Chautauqua Here Sunday

CHARLES WATKINS TO SPEAK

The grass is being cut, the coliseum is being renovated and the final touches are being put on the city park today in preparation for the annual Rush county chautauqua, which will open Sunday and continue for eight days.

The first day's program will consist of two addresses by Charles E. Watkins, of Muncie styled a "human engineer," and two concerts by the Hadley Concert company. The afternoon program opens at 2:15 o'clock with the usual preliminaries and the evening program at 7:30.

The attendance Sunday is expected to equal former records because of the popularity of Mr. Watkins, who has spoken here on previous occasions. Rotarians from many surrounding cities are expected to send delegations as Mr. Watkins until last June was the governor of Indiana Rotary clubs.

The season ticket sale this year has been the largest on record, which indicates the interest which has been taken in the assembly. All guarantors season tickets were sold a week ago and many tickets are now being sold at \$2 each.

EUROPE IS STANDING ON VERGE OF WAR

British Cabinet Decides on Course of Action Virtually Amounting to Waging War.

READY TO IMPOSE BLOCKADE

France and Britain Believed Prepared to Send Munitions to Polish Forces.

WARSAW ADVANCE CHECKED

Evacuation of the City Continues, However—Austria and Germany Are Neutral.

(By United Press.)

Europe today apparently stood on the verge of war.

The British cabinet, according to a dispatch from London, had decided on a course of action against the Bolsheviks which virtually amounts to waging war upon Russia.

There was nothing to indicate that Britain would actually send a military expedition but the warships at Constantinople and in the Baltic sea were ready to impose an air tight blockade in the Baltic and Black sea on a twelve hour notice. France and Britain were believed prepared to join in sending munitions to Poland.

A Warsaw dispatch said the Poles had checked the Bolshevik offensive and were holding the invaders along the general line of the River Bug. Evacuation of Warsaw continued, however.

Laborites and others opposed to British intervention were organized to hold public demonstrations throughout England to voice opposition to aiding Poland in any matter.

Both Austria and Germany, the nations which started the great war just six years ago, have declared neutrality.

Austria asked the allies to hold their boundary lines. Germany, which six years ago violated the neutrality of the Belgians, declared it would fight if necessary to keep its frontiers inviolate if a real war develops.

OLD MEMBERS OF THE BOARD REAPPOINTED

A. M. Taylor and George H. Havens Named by Judge to Serve With County Officials

BOARD TO BE CALLED SOON

A. M. Taylor and George H. Havens, who served on the county board of review with the county auditor, assessor and treasurer, at the regular session in June, have been appointed for the special session provided for in the Tuthill-Kiper bill passed by the special session of the legislature last week, according to word received here today.

Judge Will M. Sparks, who has been at Winona on a vacation, notified the clerk of the court that he had made the appointments and also sent word to the county auditor's office. Will H. McMillin, county auditor, was not in his office today, but it was expected that he would call the board into session some time next week.

Although he is secretary of the chautauqua, Mr. Taylor announced that he could serve on the review board. Mr. Havens is sick, but if he is not able to attend the sessions, it is believed that he can be consulted on vital matters by telephone.

FIREMAN RESIGNS

Roy Buchannon, a fireman recently employed at the fire station, resigned his position last night, and a vacancy exists in that department.

Four Arrested in Connection With Clothing Store Robbery

Continued from Page One

Shepherd said that he had stolen it at a dance in Anderson.

Shepherd's companion was wearing a silk shirt which was recognized as one stolen from the Rushville store, but he was never located again and it was presumed that he had bought it from one of the four who are charged with breaking into the place.

Mr. Knecht and Mr. Fisher did not reveal their identity to Shepherd on Wednesday afternoon, but told the Muncie police of their suspicions and arranged for him to be under constant surveillance until they returned Thursday.

They went back yesterday, armed with affidavits for the arrest of three of the suspected men, not knowing that four were really implicated.

After Shepherd and Martin had been arrested, Martin being found at his home in Winchester, they are said to have confessed their part to the police and told of the part played by the Bemmer boys. The Muncie police then rounded up the Bemmers in Muncie before they had received a tip that any arrests had been made.

Edward Bemmer told the police and Mr. Knecht that he did not

ASK .6 OF CENT INCREASE

Electric Lines Petition for 3.6 Cents
a Mile For Passenger Fares

Twenty-three electric lines in Indiana, including the I. & C. traction company, have filed a petition with the public Service Commission of Indiana asking that they be granted certain rate increases to take effect when the passenger and freight rates for steam lines are effective, and by the petition filed, a basic rate of 3.6 cents a mile is asked, or an increase of .6 of a cent per mile. The steam lines will have new rates effective August 26 and the electric lines are asking for an increase, the local line and others having been granted an increase a few weeks ago, which is now on a parity with steam lines. Besides passenger increases the petition calls for increases for baggage, milk, cream, commutation and special rates. Increased cost of production and labor is given as the cause for higher rates.

Constructive and Destructive

Every community possesses two distinct classes of citizens, although this community is to a certain extent an exception to the general rule. Both classes are critical as regards community affairs, but one class is constructive in its criticisms while the other is destructive.

The one sees the weak spots in our municipal life, points them out and suggests rational methods for correction and improvement.

The other class sees the faults, criticizes the authorities for permitting them to exist, but offers no sane suggestion for correction.

The man who accepts a position of authority in any community must expect criticism. But he has a right to expect the public to refrain from violent criticism unless it can suggest a method of procedure that would be an improvement over the one he employs.

The public has a legitimate right to criticize its officials when it feels that criticism is due, but it should be certain of the justice of that criticism before it is uttered.

A constructive critic is an asset to any town, but the destructive one is simply a knocker.

Constructive criticism is always welcome to any high minded and well intentioned public official, but it is a thorn in the flesh to those who surrender to ulterior motives and forget the duty they owe to their constituents.

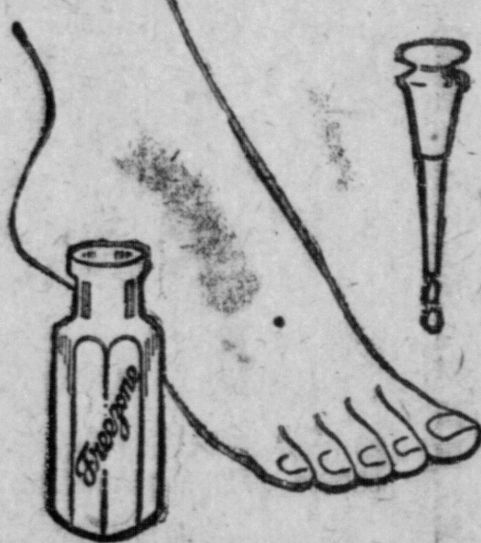

Public Servants in Politics

Judging from the orders to government employs being sent broadcast throughout the country, the federal administration is suddenly consumed with horror at the thought of anyone in the public service should take an interest in politics. Public servants in the employ of the United States government must put on a political muzzle or be discharged.

This is interesting in view of the

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

fact that not less than five cabinet officers, not to mention an army of lesser officials were in San Francisco during the democratic convention. Each was intent on promoting some boom.

The most perniciously active was the postmaster general, Mr. Burleson. The attorney general, was a candidate and the secretary of state was a delegate. The secretary of the navy boarded on a U. S. battleship in the port. There were collectors of internal revenue galore, federal district attorneys by the score, and hundreds of attendants on the government payroll.

A few days ago Mr. Burleson issued a solemn warning to the post office employees against "pernicious activity in politics" and the secretary of war has followed him.

A regiment of army officers in uniform were also at San Francisco. Why should these cabinet officers frighten off their clerks and subordinates from doing the same thing they did—help elect or defeat the ticket or candidate in whom they are interested? They surely set no example of neutrality; nor do they conform to their own regulations.

It is admitted that the secretary of war's order was aimed at General Wood, whose intention to speak for Harding is known, in the hope of keeping the general off the stump. Mr. Burleson's action is put down to pure cussedness.

As a vote getter among people who know him personally, Senator Harding is probably without a peer. In the county in which he spent his boyhood and where the people are most familiar with his record in his dealings with his fellow men, Mr. Harding received 2,411 votes to 233 for his opponent, or a majority of more than nine to one. In his old home precinct he received the vote of every citizen who went to the polls. Senator Harding has demonstrated that there are exceptions to the old rule that a prophet is not without honor save in his own country.

Marion Ohio isn't the only town where front porches are popular this summer.

Trifles

By GEORGE MATTHEW ADAMS

IF YOU would make of your Character a tower of strength, if you would see your business grow steadily and surely, if you would know the really vital, almost priceless secret back of all success since the world began, all through the minutes, hours, days of your life—

Mind the trifles!
There exists in New York City a store for men that, because of its appeal to particular tastes and styles, has built up a name for "Class" in its line. Recently, because of this reputation, a young man, new to the city, went into their establishment and ordered half a dozen of their shirts. The salesman represented the goods to be the best of their kind and "warranted" them to be as represented. One of the shirts proved defective. The young man sought an adjustment. He received for his trouble a bundle of cold excuses. The store sent away a dissatisfied customer—the worst advertisement in the world.

Mind the trifles!
There exists in Chicago another kind of store that is known wherever merchandising is known. It is the greatest store of its kind in the world. Here is one of the reasons for its marvelous success. In this store a clerk is not allowed to dispute with a customer. If there is dissatisfaction, and it appears reasonable to the clerk, an immediate adjustment is made even though it may mean a loss to the concern. Trifles—yes, trifles—but the attention to them paves the way to wealth, influence and power.

Mind the trifles!

With The Churches

There will be no services at the First Presbyterian church, with the exception of Bible school at 9:30 a. m., on account of the absence of the pastor, who is away on vacation.

At the Sexton Christian church, Sunday school will be held at 10 a. m., followed by preaching services at 11 and in the evening at 8 o'clock by the Rev. Lyman Hoover, the pastor.

Pleasant Ridge Methodist church—Bible school, 9:30 a. m.; preaching by the pastor, 10:30 a. m. and 7:45 p. m. Senior Epworth League every Tuesday, 7:30 p. m. Everybody is welcome to all of these meetings.

The unified service of the Main Street Christian church begins at 9:30 with one hour for Bible study. At 10:30 the pastor will speak on "Temples and Towers." No evening service owing to the chautauqua. The Thursday evening service is dismissed this week for the same reason. Do not neglect this one service of the day, it is urged.

St. Paul's M. E. church—Sunday school, 9:30 a. m.; morning worship, 10:30, with sermon by the Rev. A. W. Miller of Indianapolis, who will be remembered as the evangelist who conducted a revival in this church last year. He is expected to have a large hearing. No evening service will be held on account of the chautauqua.

United Brethren church—Services will be conducted at the corner of Seventh and Arthur streets. Sunday school at 9:30 a. m.; preaching services at 10:30 a. m., Mary Colvin delivering the message; Christian Endeavor at 6:30 p. m., Ruth Hardwick, leader evening service at 7:30 p. m. Prayer and praise service Wednesday evening at 7:30 o'clock. All are cordially invited to these services.

The Salvation Army church:—Meeting tonight at 8; tomorrow night, open air meeting 7:45; Sunday morning, Holiness meeting; 2 p. m. company meeting; 3:15 Praise meeting; Sunday night, no open air meeting but the meeting will start at 7 sharp and will be the last meeting to be conducted here by the present officers. The welcome meeting for Capt. Marks and Lieut. Lawton will be held at the hall next Thursday.

The Rev. G. I. Hoover of Indianapolis, state evangelist of the Christian churches for eastern Indiana, will preach at Andersonville Christian church on Sunday, August 8 at 11:00 a. m. and 8:00 p. m. The Bible school will be held at 10:00 a. m. The Rev. Mr. Hoover is aiding this church in a general lining up of its work for the coming year. The congregation is arranging for preaching every two weeks at the morning and evening hours. Every member of the church and Sunday school is urged to be present at the services on Sunday and the public is invited.

SEVEN KNEEL AT THE ALTAR

Thursday Night's Revival Service
Fairly Well Attended

There was a fair attendance at the Salvation Army farewell meeting last night. Those who were present went away feeling that it was good that they had come to the house of the Lord for wave of wave of Pentecostal fire fell, according to Captain Tench, in charge of the Salvation Army work in this city.

It was a night long to be remembered by those present for at the close seven knelt at the altar, seeking the blessing of entire sanctification, as a second defense work of Grace. Nor did they seek in vain for the promise of the Lord was fulfilled, the captain said. The singing of Mrs. Young of Muncie, Ind., was much appreciated. Meeting tonight at eight o'clock.

ATTEND ST. OMER REVIVAL

Fourteen members of the United Brethren congregation motored to St. Omer last evening and attended the camp meeting being conducted there by the Revs. Powell, Towns, and Carter, the evangelists who conducted the series of meetings here a few weeks ago. They reported a very interesting meeting.

WATERMELON PARTY

The Young Men's Circle and the Loyal Daughters classes of the Main Street Christian church will give a watermelon party Friday night at eight o'clock. All members are earnestly requested to be present. 12113

WANTS TO SELL REAL ESTATE

Administrator of J. W. Clark Petition in Circuit Court

Howard Henley, administrator of the estate of the late John W. Clark of Carthage, filed suit this morning in circuit court, asking that he be granted the right to sell real estate in order to pay debts. John Morton Clark and several heirs are named as defendants, and the complaint lists in Carthage, which must be sold in order to pay the debts pending against the estate.

Another suit has been filed in circuit court, with Walter E. Smith as plaintiff and Marshall Cooper as defendant, on an action to collect on a note and foreclose a chattel mortgage. The amount asked is \$150. The defendant resides in Henderson, according to the complaint.

Milkoline At 2c a Gallon

Milkoline has a base of pasteurized and sterilized, modified Buttermilk. It is guaranteed not to contain any sulphuric acid or anything of an injurious nature to hogs or poultry.

Aids Digestion: Thousands of the most successful hog raisers from New York to California during the past seven years have proved that Milkoline helps and assists digestion, tending to insure perfect assimilation of feed. It helps tone up the system so that hogs are less subject to disease, and practically insures gains of 2½ pounds per head per day.

University Tested: Professor W. H. Axt, Prof. of Dairy Husbandry at Missouri University conducted a scientific test on Milkoline and found that Milkoline fed hogs put on more weight and showed 22.5% more profit than hogs not fed Milkoline. W. H. Graham a successful feeder of hogs at Moberly, Mo., said \$30 worth of Milkoline made him an extra profit of \$42. L. E. Jackson of Washington Falls, N. Y., says Milkoline fed to a bunch of shoats in fine style and is great for brood sows.

Can't Spoil: Milkoline is guaranteed not to turn sour or mold. It will keep indefinitely in any climate. Flies do not come near it. It is always uniform, and its guarantee to make you money or its cost is your money.

How This Tire Service Promotes Truck Economy

Money can leak out rapidly if anything is wrong with your truck tires.

And the resulting losses are not only noted in too-high tire costs but, as well, in inflated mile truck costs. The first is a vital part of the second.

Some of your tires may be inadequate in size for your loads and wear out too fast. It is an important part of our service to recommend the right type and size of Goodyear Solid Truck Tires—and to carry it for you in our stock.

Further, if tires are applied without proper examination of wheel alignment, condition of springs and brake adjustment, undue tire wear may result from several causes.

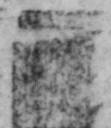

We inspect wheels, springs and brakes when changing tires.

And if tires are neglected after application, the injuries they receive on the road will frequently develop rapidly and cause their failure.

We watch customers' tires; report their condition; help conserve tire mileage.

RAIL SECURITIES TO BE OFFERED FOR SALE

Railroads Will Put \$400,000,000 Worth on the Market to Pay For New Equipment

RATE TO BE SEVEN PERCENT

(By United Press.) Washington, Aug. 6.—The railroads are offering approximately 400,000,000 worth of securities to the public in the next three or four months, it was learned here today at the bureau of railroad economics, unless prices are upset.

Interest rates will be at least seven percent. Quick sale of the securities will result in more being put on the market, it was said.

The proceeds will be applied on the purchasing of new equipment, on which \$610,000,000 will be needed in the next four months, according to the present plans.

Most of the money for the equipment will come from the revolving funds administered by the interstate commerce commission under the new transportation act.

Railroad officials will confer with investing brokers to arrange for the sale of the securities.

Conferences were held several days ago in anticipation of the rate increases allowed to the railroads by the interstate commerce commission.

INDIANA MAN IS ON OLYMPIC TEAM

John Murphy of Notre Dame Fame
is Expected to Win the Cup
For Running High Jump

U. S. HAS CHANCE TO WIN

Expects to Come Home With Championship Honors of the World in International Game Events

By HEZE CLARK
(Written for United Press.)

Indianapolis, Ind., Aug. 6.—The United States has again invaded Europe. This time on a friendly mission but there is a battle to be won and America will win it. The United States Olympic team is the best balanced this year, according to views of the committee in charge.

In the Olympic games there are all kinds of events including track and field events similar to those so popular at the colleges and athletic clubs in this country. Football, swimming races, wrestling, boxing, rowing and fencing. The events have not always been just the same in all the five Olympic games held during the last 26 years but there are some standard events.

One of these is the running high jump. The followers of athletics in Indiana are proud of the United States jumper for he comes from a college in this state.

John Murphy of Notre Dame should win the high jump. In the tryouts in Cambridge, Mass., Murphy cleared 6 ft. 4 1/2 inches.

While that lacks some of equaling the world's record made by E. Beeson at Berkeley, California, in 1914 when he cleared the bar at 6 ft. 7 1/2 in., still Murphy's mark is better than any man ever made in the Olympic games. Porter of the U. S. team jumped 6 ft. 3 in. in 1908 at London.

There are about five or six athletes whom the athletic fans of the state can call Hoosiers, who are in the Olympic team at Antwerp ready to uphold the athletic prestige of Uncle Sam. However there is one man whose work will be watched with especial interest. That man is Clifford C. Furnas of Mooresville, Ind., the little Purdue distance man.

In Paris twenty years ago Ray C. Ewry, a Purdue University man won the standing broad jump, standing triple jump. Ewry won the same three events at St. Louis four years later, and won first in two of the events at Athens in 1906 and again at London in 1908.

PLUMMER TO PITCH FOR TAIL LIGHTS SUNDAY

New Pitcher Who Made Good Last Sunday at Richmond Will be Seen in Action Against Brookville

REAL BALL GAME IS EXPECTED

A big baseball attraction will be here Sunday afternoon when the Tail Lights will play the Brookville team, which has been playing fast ball this season, meeting and defeating the fastest teams out of Cincinnati. The game will be called at two-thirty on the West Third street diamonds, and a large delegation from Brookville and the White River Valley is expected to be on hand.

Plummer, the wonder pitcher, will be on the mound for Rushville, and local fans will be given a chance to see him work out. At Richmond last Sunday he had everything his own way, and allowed only six scattered hits, struck out 11 batters and got two clean hits himself.

Manager Conway for the Tail Lights will use the same line-up as in former games, with the exception of Plummer, who will be new for the home lot. Doll will catch, Bennett on first, Joyce on second, Conway, short stop and Byrne will be on third, while in the outfield Sharp, Pearsey, Smith and Hendricks will be ready for positions.

BONES UNEARTHED IN HAMLET'S GARDEN

Dover, (By Mail).—Four ancient skeletons have just been unearthed in the garden of Forbes Robertson's house near here.

Thus coincidence gave England's greatest Hamlet one more opportunity to recite the "Alas, poor Yorick!" speech and Britishers are wondering whether despite his retirement from the stage he was not tempted to give the gardeners a private hearing of the philosophical prince.

Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

Time to Transplant Iris

National Garden Bureau —
The best time to divide and replant iris or to put in new varieties of the so-called German class, is soon after the blooming season is done and just as the plants are about to make new growth to provide blooming root stalks for next year.

Moved now it will take hold at once and be on the job as if nothing at all had happened next year. Iris should be divided every three or four years, as the clumps get so large the plants in the center of the group are likely to weaken and there will be dead spots or no blooms there will be dead spots or no blossoms while the outer edge of the clump is vigorous.

Many of the June blooming perennials may best be propagated by dividing at this time. The pyrethrum of pink daisies which are becoming so popular should be cut back to the ground and the clumps divided and replanted now if the stock needs increasing. This is the only way to perpetuate any particular variety, as it does not come true from seed.

Ordinarily the hardy perennials are best divided in the spring and the pyrethrum may also be divided then, but with midsummer division they become established for the following season and no time is lost in becoming re-established just before their blooming season. They must be shaded and watered a few days until the divided parts start new roots.

"Would Bloat Up Like A Balloon"

Claims his stomach caused him much uneasiness by filling up with gas. Was very nervous and constipated. Two bottles of Dreco proved a great blessing to him.

"I have suffered a great deal from constipation and all the distress that goes with it. My bowels refused to act in a normal manner and I had to be continually taking physic," said Mr. Ollie Clark residing on East Front St., Huntington, Ind.

"It seemed like everything I ate turned to gas and bloated me up like a balloon. Every one who has suffered from stomach trouble has experienced this unpleasant sensation. I would get so nervous I couldn't sleep.

"Then one day I was fortunate enough to hear about Dreco and what it would do for cases like mine. I didn't hesitate in getting a bottle, for I felt that if it had helped others it would surely do as much for me. Well, it seemed to suit my case exactly and I hadn't taken many doses until I felt the benefit.

"I have just finished my second bottle and I am entirely free from gas; can sleep like a top and have lost that nervous, restless feeling. Dreco is fine."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson and Co.

PARIS IS CROWDED WITH HOMESEEEKERS

Scarcity of Houses is so Acute That People are Waiting For Some to Die, it is Said

PRICES ARE STILL HIGH.

Living Costs are Way up But Land is Cheap—The Women are the Hope of the Nation

Paris, July 15 (By Mail)—"If you want to rent a house in Paris today you have to wait until somebody dies," was the statement of Mme. Marcelle Robert-Cremieux, daughter-in-law of Senator Robert-Cremieux.

"House-renting agents arrive before the undertaker to list the late renter's home.

The cities are crowded, not only because there is no building going on now, even after four years of war, but because the country people are not going back to the farm since they learned that wages in the city are higher.

Mme. Robert-Cremieux told me of her apartment-hunting experience. It sounded like America. She hunted for a year—then had to stay where she was living.

"The day has passed when Americans can bring a small fortune to France and live comfortably the rest of their lives," she said.

"You used to get lovely homes with large living rooms four bedrooms and two baths for 6,000 francs. Today they are over 13,000 francs with money deposits—and then you don't find them."

"Oh, living is very dear for the French. The exchange on dollars is high and you do not notice. But poor France! Ten departments invaded, no coal, limited transportation, no building for six years!"

This charming, educated woman, who looks after housekeeping and marketing herself, compared market prices.

"Cheap cuts of beef are 14 francs a kilo, about 75 cents a pound and a leg of mutton costs about \$4. But vegetables are cheap. Wheat flour is high and still mixed with rye flour, as in war-times.

"France is today paying more for every article than she did in the most dangerous period of the war."

But Mme. Robert-Cremieux and other women of her class can pay the prices. How the poor French mother is keeping family together I learned of Mme. Perrin, head of the stars and Stripes bureau of the American Red Cross.

During the war and the following months, Mme. Perrin has been direc-

EX-SHERIFF IS OUT WITH FACTS

Says Biggest Surprise of His Life was The Way Tanlac Restored Wife's Health

"I just wish you could hear my wife praise Tanlac, and I am no less grateful than she is for her wonderful recovery, recently declared Peter Miller, a prominent farmer living at Littleton, Ind., R. F. D. 14, Ex Sheriff of Pike County.

"For fifteen years she hardly knew what a well day was; and was on the flat of her back two thirds of the time. She couldn't eat solid food of any kind without suffering severe pain afterwards. She suffered with dreadful headaches and her nerves were so shattered that she couldn't rest at night and for years she hadn't been able to do any work around the house and thought she could not live much longer.

"I never had anything equal to the surprise I got when Tanlac overcame all my wife's troubles and healthy woman. Tanlac seemed to soothe her stomach and give her changed her into a strong and an appetite and within a short time she was up and around the house. She has gained so much in weight that her friends hardly know her. She eats three meals a day and is so much stronger that she insists on doing a big share of the housework, while only a short time ago she couldn't even cross the room by herself. I have spent thousands of dollars for other medicines and treatment, but my wife's health has been restored by Tanlac at a cost almost too small to mention."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarly, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

GREENFIELD, IND.

tor of 3,000 French families. Members of the American Legion adopted the children of 3,000 French soldiers killed in the war.

Under the bureau, 700 mothers of 3,000 have become self-supporting, no longer needing the assistance of the Red Cross.

"But the women are giving out", ed too hard for their children to the said Mme. Perrin. "They have worked too hard for their children and eaten too little themselves. We send the children to the country for 150 francs a month and let the mothers rest."

"But the French people are giving out. They are dying like flies," said a French dressmaker, who told me of six acquaintances who had died during the week.

"Overwork, too little food! Reaction from the terrible strain during the war! They catch any disease that comes along."

They no longer visit gay tea shops with beaux, as they did during the war. The afternoons are no longer a time for lively scenes and well-dressed women. And all this has occurred since war times, everyone agrees.

Madame Liberge confirmed what Madame Robert-Cremieux said.

"The women don't want to go back to the farms where lovely hand-embroidered garments seen in Paris shops are made.

They can earn more in cities. Today I pay my apprentices 30 francs. Yesterday I paid ten."

The lovely creations in gowns are few, but the dainty underwear is still plentiful. However, the quality of silk and muslins is not so good in the new stocks. Gloves that used to cost four or five francs, about \$1 in the old days, now cost 27 francs and the finest 50 or 65 francs. Silk and cotton gloves are all that French women can afford.

"Everything in our stores is bought by the tourists", the shopkeepers say.

Leather is still scarce and shoes that were 25 francs before the war are now four times that amount.

And when you go to some of the battle-fields you can understand how the French peasants can sell their vegetables and fruits so cheaply. Around Chateau-Thierry fruitful farms flourish again. You can scarcely tell that garden patches had ever been disturbed by anything more deadly than a plowshare.

I asked an intelligent farmer on the train how rural France could recover so soon when so many men had been taken in the war.

"Madame learned how to run farms as well as bake shops and groceries in the absence of the husband who did not come back, in so many cases," he replied.

THE Mirage of Lower Prices

Many retail lumber dealers have followed the MIRAGE OF LOWER PRICES off into the desert of depleted stocks and have allowed their trade to drop away. Many dealers have actually advised their customers not to build, but to wait for lower prices. This is the HEIGHT OF BUSINESS FOLLY. It is poor business for the lumber dealer and bad for his community. Money is a liquid and unstable thing. THE TIME FOR ANY MAN TO BUILD IS WHEN HE HAS THE MONEY. Ninety-five percent of the money made in our community will be spent at once. If it is not spent for HOUSES and BARNs, it go for AUTOMOBILES. If it is not spent for CRIBS and GRANARIES, it will resolve itself into TRIPS TO PLEASURE RESORTS. If it is not spent for FENCES and SHEDS, it will be invested in imaginary oil wells or fictitious GOLD MINES. IT WILL BE SPENT. Let that sink into your mind and decide whether our community will be PERMANENTLY BETTER OFF if it is spent for permanent improvements or for EVANESCENT PLEASURES.

WE KNOW A LUMBERMAN, an intelligent retailer, too, who is an officer and a director in a bank. The directors wished to build a bank building this year, but he counseled them to wait for lower prices which were due to come some time in the future. WHEN THE LOWER PRICES COME NO BUILDINGS WILL BE BUILT. Let this thought ramble through your brain—when prices are low people do not build. Low prices and poor business walk hand in hand in all lines. When lumber prices are low, other prices are low and people will not have the money with which to take advantage of conditions. In looking over our records, we find that the periods of low prices, were inactive periods in our business. IT IS TO THE INTEREST OF THE COMMUNITY TO ENCOURAGE BUSINESS NOW—NOT NEXT YEAR—AND GET THE MONEY PERMANENTLY INVESTED IN TAXABLE IMPROVEMENTS.

AND JUST A WORD TO PRESENT PRICES. Many think that lumber prices are too high. This is a common fallacy. Lumber prices are lower today than they should be. They are lower than they are going to be a little later. At present prices the manufacturer cannot make a reasonable profit. No industry can flourish unless all branches are making a reasonable profit. The manufacturer—the wholesaler—the retailer—all must be allowed to live if any one of the three is to prosper. Each has his definite duty and his place in the business. THE MIRAGE OF PE-WAR PRICES WILL LEAD YOU ASTRAY IF YOU FOLLOW IT. It is an illusion—it is the reflection of something that used to be but is no more and will not be again.

People who wish for a return to the old price level are unconsciously wishing for demoralization—hard times—slack business—and trouble.

We are telling you that lumber prices are not too high—that now is the time to build—while you have the money and before you spend it for something that does not add to the value of your estate. IF YOU THINK LUMBER PRICES ARE TOO HIGH, just set out a crop of trees and wait for the harvest. Lumber is one of the few crops that is being sold at FAR LESS THAN THE COST OF REPLACEMENT. You may figure what it costs to grow a bushel of wheat, but sit down with your pencil and estimate what it costs to grow and manufacture a thousand feet of lumber. LUMBER IS THE CHEAPEST THING IN THE WORLD TODAY.

Our business for the last year has been conducted along the principles set out above. We have relied on the sound business judgment of Rush County to BUILD WHILE THEY HAVE THE MONEY. Hence we have full stocks and are prepared to furnish large or small bills without delay or substitution. Temporary shortages have been experienced by all dealers due to transportation, but we have overcome this at last and have a stock ample for the requirements of our trade.

The freight advance, effective Aug. 25th, will advance all lumber shipped after that date \$3.50 per thousand.

THE MARK ON QUALITY LUMBER

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are dissatisfied with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

I, the undersigned, having decided to retire from business will sell at auction absolutely all my property, both real estate and personal on

WEDNESDAY, AUGUST 18, 1920

SALE TO START AT 9:30 A. M. SHARP.

335 - Acre Farm At Auction - 335

Two Miles East of Rushville.

This farm, we think to be one of as good as you will have an opportunity to buy, as it is good rich, sugar tree land and has been seeded to clover regularly and I expect has had more hogs fed on it than any same amount of acres in Rush county.

Buildings are in good shape—Two houses, two barns and other buildings, extra good and complete, tool sheds, cribs, hog houses. Fencing in good average shape. Ditching extra good. Out of the 335 acres, 300 of same is good plow land, balance good pasture land with never failing running spring water.

As this is probably one of the largest tracts of land ever sold at auction throughout this section, we will offer it in lots of from one-fourth up to the entire body, giving everyone a chance at this great opportunity.

All Personal Property to be Sold on Same Day and on Premises.

There will be a big lunch served at noon and we insist that you come out and spend the day with us and witness one of the biggest sales ever held in Southern Indiana.

On amounts of \$100 and over, one-third cash, one-third in twelve months, and one-third in 24 months. Interest 8% semi-annually.

TO ANNOUNCE U. S. CENSUS ON SEPT. 15

Continental Population is Expected to be Between 105 and 110 Millions

NO ESTIMATE IS AVAILABLE

Unusual Disturbances During Last Ten Years May Cause Wide Margin in the Figures

Washington August 6—Announcement of the 1920 population of the United States will be made about September 15, meanwhile all estimates, semi-official or otherwise, are not authorized by the census W. M. Stewart announced today.

"It is next to impossible to give an accurate estimate of the continental population of the United States because of insufficient data and the unusual disturbances to our population since 1910," said Stewart.

"Everybody believes the population in 1920 will be from 105 to 110 millions but the census bureau does not authorize the estimate," Stewart declared.

Officials in charge of tabulating the returns have stated the inability to determine an estimate in advance this year is due to unusual conditions during the decade that has past. They include the war, casualties, deaths from influenza and the exodus of aliens during the period of the world war as well as curtailment of immigration.

More than 4,000,000 immigrants who would normally come to this country from Europe did not enter the United States during the ten years, according to immigration statistics.

Approximately 3,500,000 aliens left the country from 1910 to 1920 according to estimates.

Deaths due to influenza during the two epidemics totalled nearly 500,000. In a normal year, 1914, there were 6,000 deaths from this disease.

These factors are believed by officials to have rendered impossible an estimate based on comparative figures.

Bad Blood From Childhood Has Been Purified

Clarence Cour Telis How Trutona Relieved His System of Long-Standing Ailment

Fort Wayne, Ind., Aug. 5.—"I'm going to continue the use of Trutona, and I can certainly highly recommend it as a remarkable remedy for the blood and stomach troubles," says Clarence Cour, who lives in Fort Wayne, at 120 Eureka street.

"I had been bothered with bad blood since childhood. When I began taking Trutona my body was broken out, all over, and at night I would almost scratch myself to pieces. My appetite was poor, too, and I'd been troubled with constipation for years."

"I'm simply improving wonderfully now. The skin eruptions are beginning to disappear and that itching feeling is about gone. I am eating heartily now, and rest well at night, too. My bowels have become regular in their action, which is certainly something new to me. It seemed that I couldn't find a medicine that would help me, but Trutona was recommended to me as a good blood medicine and it certainly has proven its merit in my case."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. Trutona has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. —(Adv.)

FOUR ARRESTED IN CONNECTION WITH CLOTHING STORE ROBBERY

One Winchester and Three Muncie Young Men Said to Have Confessed Part in O. P. C. H. Burglary

BROUGHT TO RUSHVILLE TODAY

Apprehension is Brought About Through Ingenuity of Jack Knecht and Dale Fisher

PLAY PARTS OF DETECTIVES

Karl Spivey and John Barrett Also Help by Identifying Strangers Seen Here July 21

Through the ingenuity of Jack Knecht, proprietor of the Knecht's O. P. C. H., and Dale Fisher, a clerk in the store, assisted by two Rushville boys, four young men of Muncie, and Winchester who burglarized the store here the night of July 21 and took about \$1,000 worth of merchandise, have been apprehended and were brought here today and placed in jail.

The men under arrest are: Russell Shepherd, 117½ West Jackson street, Muncie. Unmarried.

Fred Bemmer, who lives on a farm south of Muncie. Unmarried.

James Martin, 22 years old, who works in a pool room at Winchester. Unmarried.

Edward Bemmer, brother of Fred, 34½ South Mulberry street, Muncie. Married and has a small child.

Estel Williams, 24 years old, of Winchester, was also arrested, but was released early this morning at Muncie when he proved his innocence.

The trail led to Muncie because a cap with the trademark of a Muncie clothing firm was found in Knecht's store the morning after the robbery.

A large portion of the stolen merchandise was found in Muncie and Winchester and was brought back here early this morning by Mr. Knecht. He has hopes of recovering more of it but doubts if all can be located because it was distributed among a number of persons in Muncie and Winchester.

Karl Spivey and John Barrett of this city were largely instrumental in the apprehension of the four alleged thieves because they saw the crowd of strangers here the night of the robbery and identified some of them on the Muncie fair grounds Wednesday afternoon, giving Mr. Knecht the first clew on which to work.

Accompanying Mr. Knecht yesterday

day were Mr. Fisher, young Barrett, Sheriff E. M. Jones, Prosecutor Albert Stevens and Elmer Yeater of Lafayette, brother-in-law of Mr. Knecht.

Williams was the first man arrested. He was taken on the fair grounds at Muncie yesterday afternoon and immediately protested his innocence and implicated the alleged thieves.

He was arrested because he was wearing a cap from Knecht's store which he had bought from Martin, one of the quartet under arrest. Mr. Knecht and Mr. Fisher recognized the cap yesterday afternoon and finally managed to make identification certain.

Mr. Fisher got in conversation with Williams and through the power of suggestion, by removing his hat and complaining about the hot weather, finally succeeding in getting Williams to take his cap off. A glance at the inside of the cap showed that all of the O. P. C. H. trademark had been removed except the "H." and this clinched the identification.

The Muncie police had been advised of the Rushville men's suspicions Wednesday afternoon and co-operated with them. A policeman on the fair grounds was called and arrested Williams. It was not long until he told all he knew about the affair, declaring that he had bought the cap from Martin.

Shepherd was identified, as connected with the robbery in some way Wednesday afternoon, when Spivey and Barrett recognized him as one of the strangers they had seen here on the night of the robbery.

Mr. Knecht and Mr. Fisher followed them and put up some small bets with them on the horse races while close to the track. In this way they got on friendly terms. The Rushville clothier recognized the hat Shepherd was wearing as one out of his stock and began complimenting Shepherd on it.

Shepherd never suspected Mr. Knecht's inquisitiveness and finally showed him the hat. The trademark had been torn out of the inside which led the Rushville men to believe it was one out of their store. When asked where he got the hat,

TWO KILLED AND 36 HURT

Rioting at Denver by Street Car Men Causes Damage

(By United Press.)

Denver, Colorado, Aug. 6.—Two hundred citizens volunteered today to serve as special officers following last night's six hour rioting by street railway employees and sympathizers in which two men were killed, 39 injured and thousands of dollars of damage done to property. An appeal was made by city and state officials for two thousand volunteers to help prevent further riots.

The situation this morning was quiet but no attempts were made to run street cars.

EX-DEPUTY SHERIFF DIES AT CARTHAGE

Drury Holt, Civil War Veteran and Rush County Pioneer, Succumbs Early Today

FUNERAL 2 O'CLOCK SUNDAY

Drury Holt of Carthage, formerly of Rushville where he was deputy sheriff during the term of the late John W. Tompkins, expired this morning at one twenty at his residence in Carthage, where he has resided for the last 25 years.

The deceased had been in poor health, declining with advanced age, and his death was not wholly unexpected, being in his 80th year. He was a long time resident of this city, where he was engaged in business, and moved to Carthage a quarter of a century ago, where he took an active interest in the welfare of that town, and was known as the founder of the grade schools of that town.

Mr. Holt was a Civil War veteran and was engaged in several of the big battles of that war, having enlisted in Company B, 52th Regiment, Indiana infantry. A brother, Henry Holt, an attorney of Indianapolis, died a few years ago, and the deceased is survived by a widow and one brother, John G. Holt of Spiceland.

The funeral services will be conducted Sunday afternoon at two o'clock in Carthage, the exact place not being determined upon by the family. Burial will be made in the cemetery north of Carthage.

MACHINE RUNS INTO MOVING FREIGHT TRAIN

Howard Hill of Carthage and William Henley, Jr., Escape Injury in Accident Here

FRONT OF MACHINE DAMAGED

A touring car owned by William J. Henley of near Carthage, formerly of this city, and driven by Howard Hill of Carthage, ran into a passing freight train on the Big Four railroad, at the West Third street crossing last night about 9:30 o'clock, and the machine was badly damaged, the front part being broken.

The driver failed to see the freight which was passing the crossing, going south, and ran into a box car, which turned the machine completely around, breaking off the two front wheels, and battering up the radiator and hood, but not even breaking the windshield.

Besides Hill, William Henley, Jr., who lives in the southern part of the state, was in the machine, and both occupants escaped with only scratches, which is probably due to the fact that the windshield did not break. Patrolman Pea investigated and learned that the machine was not going fast, and it is not known why the driver could not see the passing train, as there is a street light at the crossing and the view is not obstructed, as the machine was headed toward the west.

MOB DESTROYS FOREIGN SECTION

West Frankfort, Ill., in State of Anarchy Until Company of State Troops Arrives Today

7 DEAD, 65 WOUNDED IS TOLL

Raid Starts When Two Small Boys Are Found Murdered—About to Implicate Foreigners

(By United Press.)

West Frankfort, Ill., Aug. 6.—With the arrival of a company of the 9th Illinois Infantry, 150 state troops today assumed control of the situation here where rioting late yesterday caused the death of several men and injury to more than fifty.

The troops arrived at 9 a. m. and found the town comparatively quiet.

Marion, Ill., Aug. 6.—Seven are dead and 65 are wounded, the foreign section of West Frankfort, Franklin county mining town, is a mass of glowing embers and a mob of five thousand controls the municipal government.

The town is in a state of anarchy. An appeal for troops was made last night following hours of mob rule. Five companies of state militia were immediately ordered to this place. The roads leading to West Frankfort were crowded with armed men rushing to join the mobs.

The mobs began burning homes of foreigners about eleven o'clock last night. They disarmed all authorities, seized telegraph and telephone lines and established a censorship to prevent news of their activities from reaching the outside.

The bodies of two small boys with their throats cut, bullet wounds in their head and buried in the leaves, were found by squirrel hunters late Tuesday. The two boys had been kidnapped Monday when it was learned they were about to reveal information to the police implicating several foreigners in West Frankfort with a series of recent robberies.

Foreigners in West Frankfort and Marion are rushing out of the town. The mob ordered the mayor and all Italians to leave the town within twenty-four hours.

AUG. 25 RUSH COUNTY DAY AT LEGION EVENT

Joe Welsh Post of Greensburg Announces Jubilee at Greensburg August 23 to 28

BACKED BY BUSINESS MEN

Philip B. Stapp, former Greensburg newspaper man, who enlisted with Company B, here in 1917 and was at Camp Shelby, Miss., with Rush county boys, was here today advertising the American Legion Jubilee which will be given by the Joe Welsh post at Greensburg Aug. 23 to 28.

Mr. Stapp said that Wednesday, August 25, had been selected as Rush County Day and that on that date they are expecting a big delegation from this county. He stated that the jubilee had the endorsement of the Greensburg Rotary club and business men generally and that the success of the venture was already assured.

Mr. Stapp declared the jubilee would have all the features of a county fair except horse racing; that \$3,000 would be spent for free attractions alone, including Roger Babcock in his act of looping the loop and flying the flame, which was a feature of the Panama Pacific exposition. One hundred concessions and ten shows have been contracted for the jubilee, he stated.

SHELBY COUNTY LICENSE

The Shelby county clerk issued a marriage license yesterday afternoon to Thomas R. Byrd, age 46 of Rushville and Minnie J. Smith, age 32 of Shelbyville.

POLISH SITUATION TOPIC

President Wilson Confers With Secretary of State Today

(By United Press.)

Washington, Aug. 6.—President Wilson today called Secretary Colby and Under-Secretary Davis into conference with him at the White House on the Polish question. The conference lasted for more than one hour.

The officials brought all data in the hands of this government on the Polish situation to this conference. No announcement was made of the result of the consultation.

FORMER RUSHVILLE WOMAN DIES TODAY

Mrs. Lot Lee, About 52 Years Old, Expires at Her Home in Indianapolis of Paralysis

WAS FORMERLY EMMA LAKIN

Mrs. Lot Lee, about fifty-two years of age, former Rushville woman, died at her home in Indianapolis, 1656 Park Avenue, this morning of paralysis. Mrs. Lee was formerly Miss Emma Lakin of this city and was the daughter of James S. and Katherine Lakin, pioneer residents of this county, both of whom are dead.

Mrs. Lee had been ill for four years dating from the time she suffered the first stroke of paralysis. Since that time she had suffered several minor strokes, and on Tuesday she was fatally stricken, resulting in her death at seven o'clock this morning.

Mrs. Lee was a member of the Memorial Presbyterian church of Indianapolis and took an active part in church affairs as long as her health would permit. She visited relatives in this county every summer until a few years ago.

Mrs. Lee is survived by her husband, who is employed in the news department of the Indianapolis News; three children, Frank of Detroit and Kathryn and Louise of Indianapolis, and two brothers, Frank and Edward Lakin of Los Angeles. Two grandchildren also survive.

The funeral services will be held at the late residence Monday afternoon at three o'clock and will be private. Burial will take place in Crown Hill, Indianapolis.

FINAL TOUCHES ARE PUT ON THE CITY PARK

Preparations Are Practically Complete For Opening of Chautauqua Here Sunday

CHARLES WATKINS TO SPEAK

The grass is being cut, the coliseum is being renovated and the final touches are being put on the city park today in preparation for the annual Rush county chautauqua, which will open Sunday and continue for eight days.

The first day's program will consist of two addresses by Charles E. Watkins, of Muncie styled a "human engineer," and two concerts by the Hadley Concert company. The afternoon program opens at 2:15 o'clock with the usual preliminaries and the evening program at 7:30.

The attendance Sunday is expected to equal former records because of the popularity of Mr. Watkins, who has spoken here on previous occasions. Rotarians from many surrounding cities are expected to send delegations as Mr. Watkins until last June was the governor of Indiana Rotary clubs.

The season ticket sale this year has been the largest on record, which indicates the interest which has been taken in the assembly. All guarantee season tickets were sold a week ago and many tickets are now being sold at \$2 each.

EUROPE IS STANDING ON VERGE OF WAR

British Cabinet Decides on Course of Action Virtually Amounting to Waging War.

READY TO IMPOSE BLOCKADE

France and Britain Believed Prepared to Send Munitions to Polish Forces.

WARSAW ADVANCE CHECKED

Evacuation of the City Continues However—Austria and Germany Are Neutral.

(By United Press.)

Europe today apparently stood on the verge of war.

The British cabinet, according to a dispatch from London, had decided on a course of action against the Bolsheviks which virtually amounts to waging war upon Russia.

There was nothing to indicate that Britain would actually send a military expedition but the warships at Constantinople and in the Baltic sea were ready to impose an air tight blockade in the Baltic and Black sea on a twelve hour notice.

France and Britain were believed prepared to join in sending munitions to Poland.

A Warsaw dispatch said the Poles had checked the Bolshevik offensive and were holding the invaders along the general line of the River Bug. Evacuation of Warsaw continued, however.

Laborers and others opposed to British intervention were organized to hold public demonstrations throughout England to voice opposition to aiding Poland in any matter.

Both Austria and Germany, the nations which started the great war just six years ago, have declared neutrality.

Austria asked the allies to hold their boundary lines. Germany, which six years ago violated the neutrality of the Belgians, declared it would fight if necessary to keep its frontiers inviolate if a real war develops.

OLD MEMBERS OF THE BOARD REAPPOINTED

A. M. Taylor and George H. Havens Named by Judge to Serve With County Officials

BOARD TO BE CALLED SOON

A. M. Taylor and George H. Havens, who served on the county board of review with the county auditor, assessor and treasurer, at the regular session in June, have been appointed for the special session provided for in the Tuthill-Kiper bill passed by the special session of the legislature last week according to word received here today.

Judge Will M. Sparks, who has been at Winona on a vacation, notified the clerk of the court that he had made the appointments and signed word to the county auditor's office. Will H. McMillin, county auditor, was not in his office today, but it was expected that he would be in the board into session some time next week.

Although he is secretary of chautauqua, Mr. Taylor announced that he could serve on the board. Mr. Havens is sick, but it is believed that he can be counted on vital matters by telephone.

FIREMAN RESIGNS

Boy Buchanan, a fireman, resigned his position last night, a vacancy exists in that department.

MERCHANTS ASKED TO HELP PLAN PICNIC

Fred Bell, President of Farmers Association, Invites Them to Meeting Tonight

FARMERS WILL ENTERTAIN

Fred Bell, president of the Rush County Farmers association, has invited the business men of Rushville to meet with him and other officers and representatives of the farmers association tonight at seven-thirty o'clock in the court house assembly room to discuss plans for the picnic which the farmers of the county will give for Rushville people in the near future.

It will be recalled that following Farmers Day here last March, when farmers of the county were guests of the Rushville merchants, the suggestion was made by a number of farmers that they should entertain Rushville people who were their hosts, at a picnic this summer, after the threshing season.

The question was again raised at a mass meeting of farmers last month and the farmers voted unanimously to give the picnic to show their appreciation of the entertainment here Farmers Day and to foster the community spirit which was engendered by the festivities last March.

Four Arrested in Connection With Clothing Store Robbery

Continued from Page One
Shepherd said that he had stolen it at a dance in Anderson.

Shepherd's companion was wearing a silk shirt which was recognized as one stolen from the Rushville store, but he was never located again and it was presumed that he had bought it from one of the four who are charged with breaking into the place.

Mr. Knecht and Mr. Fisher did not reveal their identity to Shepherd on Wednesday afternoon, but told the Muncie police of their suspicions and arranged for him to be under constant surveillance until they returned Thursday.

They went back yesterday, armed with affidavits for the arrest of three of the suspected men, not knowing that four were really implicated.

After Shepherd and Martin had been arrested, Martin being found at his home in Winchester, they are said to have confessed their part to the police and told of the part played by the Bemmer boys. The Muncie police then rounded up the Bemmers in Muncie before they had received a tip that any arrests had been made.

Edward Bemmer told the police and Mr. Knecht that he did not

have any part in the actual robbery of the store but that he drove the machine, which belonged to him and in which the supposed burglars escaped.

Some merchandise which had not been missed from the local clothing store, was found in Muncie. This included some work shirts and odd trousers.

ASK .6 OF CENT INCREASE

Electric Lines Petition for 3.6 Cents a Mile For Passenger Fares

Twenty-three electric lines in Indiana, including the I. & C. traction company, have filed a petition with the public Service Commission of Indiana asking that they be granted certain rate increases to take effect when the passenger and freight rates for steam lines are effective, and by the petition filed, a basic rate of 3.6 cents a mile is asked, or an increase of .6 of a cent per mile. The steam lines will have new rates effective August 26 and the electric lines are asking for an increase, the local line and others having been granted an increase a few weeks ago, which is now on a parity with steam lines. Besides passenger increases the petition calls for increases for baggage, milk, cream, commutation and special rates. Increased cost of production and labor is given as the cause for higher rates.

Constructive and Destructive

Every community possesses two distinct classes of citizens, although this community is to a certain extent an exception to the general rule. Both classes are critical as regards community affairs, but one class is constructive in its criticisms while the other is destructive.

The one sees the weak spots in our municipal life, points them out and suggests rational methods for correction and improvement.

The other class sees the faults, criticizes the authorities for permitting them to exist, but offers no sane suggestion for correction.

The man who accepts a position of authority in any community must expect criticism. But he has a right to expect the public to refrain from violent criticism unless it can suggest a method of procedure that would be an improvement over the one he employs.

The public has a legitimate right to criticize its officials when it feels that criticism is due, but it should be certain of the justice of that criticism before it is uttered.

A constructive critic is an asset to any town, but the destructive one is simply a knocker.

Constructive criticism is always welcome to any high minded and well intentioned public official, but it is a thorn in the flesh to those who surrender to ulterior motives and forget the duty they owe to their constituents.

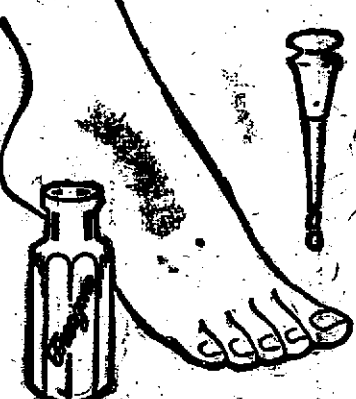

Public Servants in Politics

Judging from the orders to government employs being sent broadcast throughout the country, the federal administration is suddenly consumed with horror at the thought of anyone in the public service should take an interest in politics. Public servants in the employ of the United States government must put on a political muzzle or be discharged.

This is interesting in view of the

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin, calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, not at all without one bit of pain or soreness. Truly! No humbug!

Sap and Salt

By HERT MOSES.

Vices are more catching than virtues.

Dirty teeth and dirty spark plugs make a lot of trouble.

Hasty marriages are not the only ones that often turn out badly.

Nobody amounts to much until people begin to say sneering things about him.

Hez Heck says: "A short-armed man hasn't got much show in a boarding house."

The world will never get anywhere until it stops raising prices and begins to raise a little common sense.

Fact that not less than five cabinet officers, not to mention an army of lesser officials were in San Francisco during the democratic convention. Each was intent on promoting some boom.

The most perniciously active was the postmaster general, Mr. Burleson. The attorney general, was a candidate and the secretary of state was a delegate. The secretary of the navy boarded on a U. S. battleship in the port. There were collectors of internal revenue galore, federal district attorneys by the score, and hundreds of attendants on the government payroll.

A few days ago Mr. Burleson issued a solemn warning to the post office employees against "pernicious activity in politics" and the secretary of war has followed him.

A regiment of army officers in uniform were also at San Francisco. Why should these cabinet officers frighten off their clerks and subordinates from doing the same thing they did—help elect or defeat the ticket or candidate in whom they are interested? They surely set no example of neutrality; nor do they conform to their own regulations.

It is admitted that the secretary of war's order was aimed at General Wood, whose intention to speak for Harding is known, in the hope of keeping the general off the stump. Mr. Burleson's action is put down to pure cussedness.

As a vote getter among people who know him personally, Senator Harding is probably without a peer. In the county in which he spent his boyhood and where the people are most familiar with his record in his dealings with his fellow men, Mr. Harding received 2,411 votes to 233 for his opponent, or a majority of more than nine to one. In his old home precinct he received the vote of every citizen who went to the polls. Senator Harding has demonstrated that there are exceptions to the old rule that a prophet is not without honor save in his own country.

Marion Ohio isn't the only town where front porches are popular this summer.

Trifles

By GEORGE MATTHEW ADAMS

IF YOU would make of your character a tower of strength, if you would see your business grow steadily and surely, if you would know the really vital, almost priceless secret back of all success since the world began, all through the minutes, hours, days of your life—

Mind the trifles! There exists in New York City a store for men that, because of its appeal to particular tastes and styles, has built up a name for "Class" in its line. Recently, because of this reputation, a young man, new to the city, went into their establishment and ordered half a dozen of their shirts. The salesman represented the goods to be the best of their kind and "warranted" them to be as represented. One of the shirts proved defective. The young man sought an adjustment. He received for his trouble a bundle of cold excuses. The store sent away a dissatisfied customer—the worst advertisement in the world.

Mind the trifles! There exists in Chicago another kind of store that is known wherever merchandising is known. It is the greatest store of its kind in the world. Here is one of the reasons for its marvelous success. In this store a clerk is not allowed to dispute with a customer. If there is dissatisfaction, and it appears to be so, the clerk, an immediate adjustment is made, even though it may mean a loss to the concern. Trifles—yes, trifles—but the attention to them have the way to wealth, influence and power.

With The Churches

There will be no services at the First Presbyterian church, with the exception of Bible school at 9:30 a. m., on account of the absence of the pastor, who is away on vacation.

At the Sexton Christian church, Sunday school will be held at 10 a. m., followed by preaching services at 11 and in the evening at 8 o'clock by the Rev. Lyman Hoover, the pastor.

Pleasant Ridge Methodist church—Bible school, 9:30 a. m.; preaching by the pastor, 10:30 a. m. and 7:45 p. m. Senior Epworth League every Tuesday, 7:30 p. m. Everybody is welcome to all of these meetings.

The unified service of the Main Street Christian church begins at 9:30 with one hour for Bible study. At 10:30 the pastor will speak on "Temples and Towers." No evening service, owing to the chautauqua. The Thursday evening service is dismissed this week for the same reason. Do not neglect this one service of the day, it is urged.

St. Paul's M. E. church—Sunday school, 9:30 a. m.; morning worship, 10:30, with sermon by the Rev. A. W. Miller of Indianapolis, who will be remembered as the evangelist who conducted a revival in this church last year. He is expected to have a large hearing. No evening service will be held on account of the chautauqua.

United Brethren church—Services will be conducted at the corner of Seventh and Arthur streets. Sunday school at 9:30 a. m.; preaching services at 10:30 a. m., Mary Colvin delivering the message; Christian Endeavor at 6:30 p. m., Ruth Hardwick, leader evening service at 7:30 p. m. The Salvation Army church—Meeting tonight at 8; tomorrow night, open air meeting 7:45; Sunday morning, Holiness meeting; 2 p. m. company meeting; 3:15 Praise meeting; Sunday night, no open air meeting but the meeting will start at 7 sharp and will be the last meeting to be conducted here by the present officers. The welcome meeting for Capt. Marks and Lieut. Lawton will be held at the hall next Thursday.

The Rev. G. J. Hoover of Indianapolis, state evangelist of the Christian churches for eastern Indiana, will preach at Andersonville Christian church on Sunday, August 8 at 11:00 a. m. and 8:00 p. m. The Bible school will be held at 10:00 a. m. The Rev. Mr. Hoover is aiding this church in a general lining-up of its work for the coming year. The congregation is arranging for preaching every two weeks at the morning and evening hours. Every member of the church and Sunday school is urged to be present at the services on Sunday and the public is invited.

SEVEN KNEEL AT THE ALTAR

Thursday Night's Revival Service
Fairly Well Attended

There was a fair attendance at the Salvation Army farewell meeting last night. Those who were present went away feeling that it was good that they had come to the house of the Lord for wave of wave of Pentecostal fire fell, according to Captain Tench, in charge of the Salvation Army work in this city.

It was a night long to be remembered by those present for at the close seven knelt at the altar, seeking the blessing of entire sanctification, as a second defense work of Grace. Nor did they seek in vain for the promise of the Lord was fulfilled, the captain said. The singing of Mrs. Young of Muncie, Ind., was much appreciated. Meeting tonight at eight o'clock.

ATTEND ST. OMER REVIVAL

Fourteen members of the United Brethren congregation motored to St. Omer last evening and attended the camp meeting being conducted there by the Revs. Powell, Towns, and Carter, the evangelists who conducted the series of meetings here a few weeks ago. They reported a very interesting meeting.

WATERMELON PARTY

The Young Men's Circle and the Loyal Daughters classes of the Main Street Christian church will give a Watermelon party Friday night at eight o'clock. All members are earnestly requested to be present. Tickets

WANTS TO SELL REAL ESTATE

Administrator, W. J. W. Clark, Real Estate in Circuit Court

Howard Henley, administrator of the estate of the late John W. Clark of Carthage, filed suit this morning in circuit court, asking that he be granted the right to sell real estate in order to pay debts. John Morton Clark, and several heirs are named as defendants, and the complaint sets out the details of the estate.

Another suit has been filed in circuit court, with Walter E. Smith as plaintiff and Marshall Cooper as defendant, on an action to collect on a note and foreclose a chattel mortgage. The amount asked is \$150. The defendant resides in Henderson, according to the complaint.

Milkoline At 25¢ a Gallon

Milkoline has a base of pasteurized and sterilized, condensed buttermilk. It is guaranteed not to contain any sulphuric acid or anything of an injurious nature to hogs or poultry.

Aids Digestion: Thousands of the most profitable hog raisers from New York to California during the past seven years have proved that Milkoline helps and actually stimulates feeding to insure perfect assimilation of food. It helps tone up the system so that hogs are less subject to disease and practically insure gains of 25 pounds per head per day.

University Tested: Professor W. W. White, Prof. of Dairy Husbandry at Missouri University conducted a scientific test on Milkoline and found that Milkoline fed hogs put on more weight and showed 25% more profit than hogs not fed Milkoline. W. H. Graham, a successful feeder of Missouri, Mo., said 50 worth of Milkoline made him a success. Prof. L. E. Jackson of Washington, D. C., says Milkoline fed to a bunch of hogs in the state and is great for brood sows.

Can't Spoil: Milkoline is guaranteed not to spoil in any climate. It is always uniform and is guaranteed to cost you money or to do you good.

How This Tire Service Promotes Truck Economy

Money can leak out rapidly if anything is wrong with your truck tires.

And the resulting losses are not only noted in too-high tire costs but, as well, in inflated mile truck costs. The first is a vital part of the second.

Some of your tires may be inadequate in size for your loads and wear out too fast. It is an important part of our service to recommend the right type and size of Good-year Solid Truck Tires—and to carry it for you in our stock.

Further, if tires are applied without proper examination of wheel alignment, condition of springs and brake adjustment, undue tire wear may result from several causes.

We inspect wheels, springs and brakes when changing tires.

And if tires are neglected after application, the injuries they receive on the road will frequently develop rapidly and cause their failure.

We watch customers' tires; report their condition; help conserve tire mileage.

Miss Rose Berry, Mrs. John Boyd and daughter Miss Mazie, Mrs. Ira Clawson and Joseph Alexander, were dinner guests yesterday of Mrs. Charles Hinkle, at her home in West Fifth street.

The friends and neighbors of Mrs. Charles Durham delightfully surprised her Saturday evening, honoring her birthday. Games and music provided the amusements for the evening.

Mrs. Chester Cross was hostess for the members of the Tarry-White club this afternoon at her home north of her city, when she entertained them with an informal social party. At the close of the afternoon a dainty luncheon was served.

Mr. and Mrs. Mark Godwin and daughter Myrtle, Mrs. Charles Graham, Mrs. Harry Hines, Mrs. Ward McKenney, Mrs. Emma Bass and Mrs. Clarence Brown all of Shelbyville, were the guests of Mr. and Mrs. Samuel Fletcher at their home in North Julian street yesterday. At noon a delicious dinner was served to the guests.

The Woman's Missionary society of the Little Flat Rock Christian church and the Mission band were entertained yesterday afternoon at the home of Mrs. J. T. Metcalf in New Salem. A very interesting program was rendered during the afternoon and during the social hour following the program light refreshments were served.

A wedding of interest to several people in this county was solemnized at the M. P. parsonage in Hillsboro, Ohio, Aug. 2 by the Rev. R. H. Ewing when Miss Alma Chaney of that city became the bride of Melville Baker of Detroit, Michigan. The bride is well known in and

Mr. and Mrs. A. L. Durham, Mr. and Mrs. Joe Peters and son Floyd of Connersville, Mr. and Mrs. Carl Beckner and children, Mrs. Charles Root and grand-daughter, Mrs. Clyde Root and daughter of New-castle, were the guests Wednesday evening of Mr. and Mrs. Charles Durham and family. During the evening games were enjoyed and watermelon was served at a late hour.

Mrs. Francis Moore of Chicago, who is visiting her parents, Mr. and Mrs. T. W. Lytle of this city, entertained at their home yesterday afternoon with a bridge party. Thirty-six guests were present and enjoyed the hours over the card tables. A delicious course luncheon was served at the end of the game. Among the guests were members of the Thursday Afternoon Bridge club, in whose honor the party was given.

Mr. and Mrs. Bert Abernathy entertained with an informal party from two to four o'clock Wednesday afternoon, honoring the sixth birthday of their little daughter, Willow Dean. The guests were Wilma and Marjorie Tribby of Arlington, Vivian Gates, Loretta Abernathy, Theresa and Helen Bishop, Rna Trabue and Elmore Stiers. The little guests were invited into the dining room late in the afternoon where the dining table was decorated with flowers and flags and centered with a birthday cake lighted with six candles. Cake and ice cream were served. Mrs. Henry Allender of Indianapolis and Mrs. Leora Trabue spent the afternoon with Mrs. Abernathy and assisted her.

RAIL SECURITIES TO BE OFFERED FOR SALE

Railroads Will Put \$400,000,000 Worth on the Market to Pay For New Equipment

RATE TO BE SEVEN PERCENT

(By United Press.) Washington, Aug. 6.—The railroads are offering approximately 400,000,000 worth of securities to the public in the next three or four months, it was learned here today at the bureau of railroad economics, unless prices are upset.

Interest rates will be at least seven percent. Quick sale of the securities will result in more being put on the market, it was said.

The proceeds will be applied on the purchasing of new equipment, on which \$610,000,000 will be needed in the next four months, according to the present plans.

Most of the money for the equipment will come from the revolving funds administered by the interstate commerce commission under the new transportation act.

Railroad officials will confer with investing brokers to arrange for the sale of the securities.

Conferences were held several days ago in anticipation of the rate increases allowed to the railroads by the interstate commerce commission.

blissful honeymoon, they settle down to wedded life. But Friend Husband soon strays from the straight and narrow. At first Mrs. Newlywed is prone to forgive and forget, but when an affair between her spouse and a maid comes to light, she puts her foot down and flees to her father. Then, by a most novel means she brings her erring lesser half to terms. Miss Gish is declared to be just as vivacious and young-looking as ever in "Remodeling Her Husband."

INDIANA MAN IS ON OLYMPIC TEAM

John Murphy of Notre Dame Fame
is Expected to Win the Cup
For Running High Jump

U. S. HAS CHANCE TO WIN

Expected to Come Home With Cham-
pionship Honors of the World in
International Game Events

By HEBZE CLARK
(Written for United Press.)

Indianapolis, Ind., Aug. 6.—The United States has again invaded Europe. This time on a friendly mission but there is a battle to be won and America will win it. The United States Olympic team is the best balanced this year, according to views of the committee in charge.

In the Olympic games there are all kinds of events including track and field events similar to those so popular at the colleges and athletic clubs in this country. Football, swimming races, wrestling, boxing, rowing and fencing. The events have not always been just the same in all the five Olympic games held during the last 26 years but there are some standard events.

One of these is the running high jump. The followers of athletics in Indiana are proud of the United States jumper for he comes from a college in this state.

John Murphy of Notre Dame should win the high jump. In the tryouts in Cambridge, Mass., Murphy cleared 6 ft. 4 1/2 inches.

While that lacks some of equaling the world's record made by E. Beeson at Berkeley, California, in 1914 when he cleared the bar at 6 ft. 7 1/2 in., still Murphy's mark is better than any man ever made in the Olympic games. Porter of the U. S. team jumped 6 ft. 3 in. in 1908 at London.

There are about five or six athletes whom the athletic fans of the state can call Hoosiers, who are in the Olympic team at Antwerp ready to uphold the athletic prestige of Uncle Sam. However there is one man whose work will be watched with especial interest. That man is Clifford C. Furnas of Mooresville, Ind., the little Purdue distance man.

In Paris twenty years ago Ray C. Ewry, a Purdue University man won the standing broad jump, standing triple jump. Ewry won the same three events at St. Louis four years later, and won first in two of the events at Athens in 1906 and again at London in 1908.

PLUMMER TO PITCH FOR TAIL LIGHTS SUNDAY

New Pitcher Who Made Good Last
Sunday at Richmond Will be Seen
in Action Against Brookville

REAL BALL GAME IS EXPECTED

A big baseball attraction will be here Sunday afternoon when the Tail Lights will play the Brookville team, which has been playing fast ball this season, meeting and defeating the fastest teams out of Cincinnati. The game will be called at two-thirty on the West Third street diamonds, and a large delegation from Brookville and the White River Valley is expected to be on hand.

Plummer, the wonder pitcher, will be on the mound for Rushville, and local fans will be given a chance to see him work out. At Richmond last Sunday he had everything his own way, and allowed only six scattered hits, struck out 11 batters and got two clean hits himself.

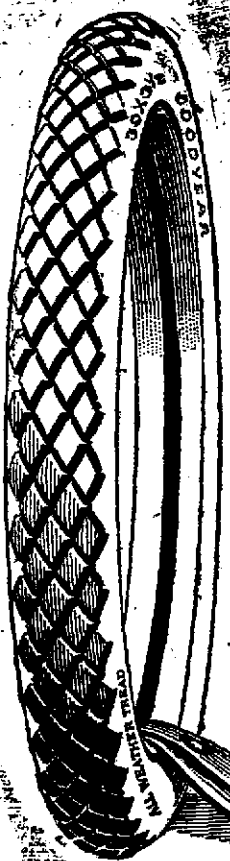

Manager Conway for the Tail Lights will use the same line-up as in former games, with the exception of Plummer, who will be new for the home lot. Doll will catch, Bennett on first, Joyce on second, Conway, short stop and Byrne will be on third, while in the outfield Sharp, Pearsey, Smith and Hendricks will be ready for positions.

Dover, (By Mail).—Four ancient skeletons have just been unearthed in the garden of Forbes Robertson's house near here.

Thus coincidence gave England's greatest Hamlet one more opportunity to recite the "Alas, poor Yorick!" speech and Britishers are wondering whether despite his retirement from the stage he was not tempted to give the gardeners a private hearing of the philosophical prince.

Time to Transplant Iris

National Garden Bureau
The best time to divide and re-plant iris or to put in new varieties of the so-called German class, is soon after the blooming season is done and just as the plants are about to show new growth to provide blooming root stalks for next year.

Moved now it will take hold at once and be on the job as if nothing at all had happened next year. This should be divided every three or four years, as the clumps get so large the plants in the center of the group are likely to weaken and there will be dead spots or no blossoms while the outer edge of the clump is vigorous.

Many of the June blooming perennials may best be propagated by dividing at this time. The pyrethrum of pink daisies which are becoming so popular should be cut back to the ground and the clumps divided and replanted now if the stock needs increasing. This is the only way to perpetuate any particular variety, as it does not come true from seed.

Ordinarily the hardy perennials are best divided in the spring and the pyrethrum may also be divided then, but with midsummer division they become established for the following season and no time is lost in becoming re-established just before their blooming season. They must be shaded and watered a few days until the divided parts start new roots.

Would Bloat Up Like A Balloon

Drugs his stomach caused him much distress by filling up with gas. Was very nervous and constipated. Two bottles of Drego proved a great blessing to him.

"I have suffered a great deal from constipation and all the distress that goes with it. My bowels refused to get in a normal manner and I had to be continually taking physic," said Mr. Ollie Clark residing on East Front St., Huntington, Ind. "It seemed like everything I ate turned to gas and bloated me up like a balloon. Every one who has suffered from stomach trouble has experienced this unpleasant sensation. I would get so nervous I couldn't sleep."

"Then one day I was fortunate enough to hear about Drego and what it would do for cases like mine. I didn't hesitate in getting a bottle, for I felt that if it had helped others it would surely do as much for me. Well, it seemed to suit my case exactly and I hadn't taken many doses until I felt the benefit. I have just finished my second bottle and I am entirely free from gas; can sleep like a top and have lost that nervous, restless feeling. Drego is fine."

All druggists now sell Drego and it is being especially introduced in Rushville by F. B. Johnson and Co.

PARIS IS CROWDED WITH HOMESSEEKERS

Scarcity of houses is so acute that people are waiting for some to die. It is said.

PRICES ARE STILL HIGH.

Living costs are way up but land is cheap—The women are the hope of the nation.

Paris, July 13 (By Mail).—"If you want to rent a house in Paris today you have to wait until somebody dies," was the statement of Mme. Marcelle Robert-Cremieux, daughter-in-law of Senator Robert-Cremieux.

"House-renting agents arrive before the undertaker to list the late renter's home."

The cities are crowded, not only because there is no building going on now, even after four years of war, but because the country people are not going back to the farm since they learned that wages in the city are higher.

Mme. Robert-Cremieux told me of her apartment-hunting experience. It sounded like America. She hunted for a year—then had to stay where she was living.

"The day has passed when Americans can bring a small fortune to France and live comfortably the rest of their lives," she said.

"You used to get lovely homes with large living rooms four bedrooms and two baths for 6,000 francs. Today they are over 13,000 francs with money deposits—and then you don't find them."

"Oh, living is very dear for the French. The exchange on dollars is high and you do not notice. But poor France! Ten departments invaded, no coal, limited transportation, no building for six years!"

This charming, educated woman, who looks after housekeeping and marketing herself, compared market prices.

"Cheap cuts of beef are 14 francs a kilo, about 75 cents a pound and a leg of mutton costs about \$4. But vegetables are cheap. Wheat flour is high and still mixed with rye flour, as in war times."

"France is today paying more for every article than she did in the most dangerous period of the war."

But Mme. Robert-Cremieux and other women of her class can pay the prices. How the poor French mother is keeping family together I learned of Mme. Perrin, head of the stars and stripes bureau of the American Red Cross.

During the war and the following months, Mme. Perrin has been direc-

Says Biggest Surprise of His Life was The Way Tanlac Restored Wife's Health

"I just wish you could hear my wife praise Tanlac, and I am no less grateful than she is for her wonderful recovery, recently declared Peter Miller, a prominent farmer living at Littleton, Ind., R. F. D. 14, Ex-Sheriff of Pike County."

"For fifteen years she hardly knew what a well day was; and was on the flat of her back two thirds of the time. She couldn't eat solid food of any kind without suffering severe pain afterwards. She suffered with dreadful headaches and her nerves were so shattered that she couldn't rest at night and for years she hadn't been able to do any work around the house and thought she could not live much longer."

"I never had anything equal to the surprise I got when Tanlac overcame all my wife's troubles and healthy woman. Tanlac seemed to soothe her stomach and give her changed her into a strong and an appetite and within a short time she was up and around the house. She has gained so much in weight that her friends hardly know her. She eats three meals a day and is so much stronger that she insists on doing a big share of the housework, while only a short time ago she couldn't even cross the room by herself. I have spent thousands of dollars for other medicines and treatment, but my wife's health has been restored by Tanlac at a cost almost too small to mention."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dal. has Cooper, in Manilla by Geo. J. Taylor, in Arlington by Mrs. L. T. Davis, in Cambridge by Otto C. McCarly, and in New Salem by Mrs. Jos. Hankins. R. & 2-Adv.

tor of 3,000 French families. Members of the American Legion adopted the children of 3,000 French soldiers killed in the war.

Under the bureau, 700 mothers of 3,000 have become self-supporting, no longer needing the assistance of the Red Cross.

"But the women are giving out," said too hard for their children to the said Mme. Perrin. "They have worked too hard for their children and eaten too little themselves. We send the children to the country for 150 francs a month and let the mothers rest."

"But the French people are giving out. They are dying like flies," said a French dressmaker, who told me of six acquaintances who had died during the week.

"Overwork, too little food! Reaction from the terrible strain during the war! They catch any disease that comes along."

They no longer visit gay tea shops with beaux, as they did during the war. The afternoons are no longer a time for lively scenes and well-dressed women. And all this has occurred since war times; everyone agrees.

Madame Liberge confirmed what Madame Robert-Cremieux said.

"The women don't want to go back to the farms where lovely hand-embroidered garments seen in Paris shops are made."

They can earn more in cities. Today I pay my apprentices 30 francs. Yesterday I paid ten."

The lovely creations in gowns are few, but the dainty underwear is still plentiful. However, the quality of silk and muslins is not so good in the new stocks. Gloves that used to cost four or five francs, about \$1 in the old days, now cost 27 francs and the finest 50 or 65 francs. Silk and cotton gloves are all that French women can afford.

"Everything in our stores is bought by the tourists," the shopkeepers say.

Leather is still scarce and shoes that were 25 francs before the war are now four times that amount.

And when you go to some of the battlefields you can understand how the French peasants can sell their vegetables and fruits so cheaply. Around Chateau-Thierry, fruitful farms flourish again. You can scarcely tell that garden patches had ever been disturbed by anything more deadly than a plowshare.

I asked an intelligent farmer on the front how rural France could recover so soon when so many men had been taken in the war.

"Madame learned how to run farms as well as take shops and groceries in the absence of the husband who, at some time, in so many cases," he replied.

THE Mirage of Lower Prices

Many retail lumber dealers have followed the MIRAGE OF LOWER PRICES off into the desert of depleted stocks and have allowed their trade to drop away. Many dealers have actually advised their customers not to build, but to wait for lower prices. This is the HEIGHT OF BUSINESS FOLLY. It is poor business for the lumber dealer and bad for his community. Money is a liquid and unstable thing. THE TIME FOR ANY MAN TO BUILD IS WHEN HE HAS THE MONEY. Ninety-five percent of the money made in our community will be spent at once. If it is not spent for HOUSES and BARNs, it goes for AUTOMOBILES. If it is not spent for CRIBS and GRANARIES, it will resolve itself into TRIPS TO PLEASURE RESORTS. If it is not spent for FENCES and SHEDS, it will be invested in imaginary oil wells or fictitious GOLD MINES. IT WILL BE SPENT. Let that sink into your mind and decide whether our community will be PERMANENTLY BETTER OFF if it is spent for permanent improvements or for EVANESCENT PLEASURES.

WE KNOW A LUMBERMAN, an intelligent retailer, too, who is an officer and a director in a bank. The directors wished to build a bank building this year, but he counseled them to wait for lower prices which were due to come some time in the future. WHEN THE LOWER PRICES COME NO BUILDINGS WILL BE BUILT. Let this thought ramble through your brain—when prices are low people do not build. Low prices and poor business walk hand in hand in all lines. When lumber prices are low, other prices are low and people will not have the money with which to take advantage of conditions. In looking over our records, we find that the periods of low prices, were inactive periods in our business. IT IS TO THE INTEREST OF THE COMMUNITY TO ENCOURAGE BUSINESS NOW—NOT NEXT YEAR—AND GET THE MONEY PERMANENTLY INVESTED IN TAXABLE IMPROVEMENTS.

AND JUST A WORD TO PRESENT PRICES. Many think that lumber prices are too high. This is a common fallacy. Lumber prices are lower today than they should be. They are lower than they are going to be a little later. At present prices the manufacturer cannot make a reasonable profit. No industry can flourish unless all branches are making a reasonable profit. The manufacturer—the wholesaler—the retailer—all must be allowed to live if any one of the three is to prosper. Each has his definite duty and his place in the business. THE MIRAGE OF PE-WAR PRICES WILL LEAD YOU ASTRAY IF YOU FOLLOW IT. It is an illusion—it is the reflection of something that used to be but is no more and will not be again.

People who wish for a return to the old price level are unconsciously wishing for demoralization—hard times—slack business—and trouble.

We are telling you that lumber prices are not too high—that now is the time to build—while you have the money and before you spend it for something that does not add to the value of your estate. IF YOU THINK LUMBER PRICES ARE TOO HIGH, just set out a crop of trees and wait for the harvest. Lumber is one of the few crops that is being sold at FAR LESS THAN THE COST OF REPLACEMENT. You may figure what it costs to grow a bushel of wheat, but sit down with your pencil and estimate what it costs to grow and manufacture a thousand feet of lumber. LUMBER IS THE CHEAPEST THING IN THE WORLD TODAY.

Our business for the last year has been conducted along the principles set out above. We have relied on the sound business judgment of Rush County to BUILD WHILE THEY HAVE THE MONEY. Hence we have full stocks and are prepared to furnish large or small bills without delay or substitution. Temporary shortages have been experienced by all dealers due to transportation, but we have overcome this at last and have a stock ample for the requirements of our trade.

The freight advance, effective Aug. 25th, will advance all lumber shipped after that date \$3.50 per thousand.

BUILD NOW—WHILE THE PRICE IS RIGHT—WHILE YOU HAVE THE MONEY.

THE MARK ON QUALITY LUMBER

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are dissatisfied with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

BIG PUBLIC SALE

I, the undersigned, having decided to retire from business will sell at auction absolutely all my property, both real estate and personal on

WEDNESDAY, AUGUST 18, 1920

SALE TO START AT 9:30 A. M. SHARP.

335 - Acre Farm At Auction - 335

Two Miles East of Rushville.

This farm, we think to be one of as good as you will have an opportunity to buy, as it is good rich, sugar tree land and has been seeded to clover regularly and I expect has had more hogs fed on it than any same amount of acres in Rush county.

Buildings are in good shape—Two houses, two barns and other buildings, extra good and complete, tool sheds, cribs, hog houses. Fencing in good average shape. Ditching extra good. Out of the 335 acres, 300 of same is good plow land, balance good pasture land with never failing running spring water.

As this is probably one of the largest tracts of land ever sold at auction throughout this section, we will offer it in lots of from one-fourth up to the entire body, giving everyone a chance at this great opportunity.

All Personal Property to be Sold on Same Day and on Premises.

There will be a big lunch served at noon and we insist that you come out and spend the day with us and witness one of the biggest sales ever held in Southern Indiana.

On amounts of \$100 and over, one-third cash, one-third in twelve months, and one-third in 24 months. Interest 8% semi-annually.

TO ANNOUNCE U. S. CENSUS ON SEPT. 15

Continental Population is Expected to be Between 105 and 110 Millions

NO ESTIMATE IS AVAILABLE

Unusual Disturbances During Last Ten Years May Cause Wide Margin in the Figures

Washington August 6.—Announcement of the 1920 population of the United States will be made about September 15, meanwhile all estimates, semi-official or otherwise, are not authorized by the census W. M. Stewart announced today.

"It is next to impossible to give an accurate estimate of the continental population of the United States because of insufficient data and the unusual disturbances to our population since 1910," said Stewart.

"Everybody believes the population in 1920 will be from 105 to 110 millions but the census bureau does not authorize the estimate," Stewart declared.

Officials in charge of tabulating the returns have stated the inability to determine an estimate in advance this year is due to unusual conditions during the decade that has past. They include the war, casualties, deaths from influenza and the exodus of aliens during the period of the world war as well as curtailment of immigration.

More than 4,000,000 immigrants who would normally come to this country from Europe did not enter the United States during the ten years, according to immigration statistics.

Approximately 3,500,000 aliens left the country from 1910 to 1920 according to estimates.

Deaths due to influenza during the two epidemics totalled nearly 500,000. In a normal year, 1914, there were 6,000 deaths from this disease.

These factors are believed by officials to have rendered impossible an estimate based on comparative figures.

Bad Blood From Childhood Has Been Purified

Clarence Cour Telis How Trutona Relieved His System of Long-Standing Ailment

Fort Wayne, Ind., Aug. 5.—"I'm going to continue the use of Trutona, and I can certainly highly recommend it as a remarkable remedy for the blood and stomach troubles," says Clarence Cour, who lives in Fort Wayne, at 120 Eureka street.

"I had been bothered with bad blood since childhood. When I began taking Trutona my body was broken out, all over, and at night I would almost scratch myself to pieces. My appetite was poor, too, and I'd been troubled with constipation for years."

"I'm simply improving wonderfully now. The skin eruptions are beginning to disappear and that itching feeling is about gone. I am eating heartily now, and rest well at night, too. My bowels have become regular in their action, which is certainly something new to me. It seemed that I couldn't find a medicine that would help me, but Trutona was recommended to me as a good blood medicine and it certainly has proven its merit in my case."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. Trutona has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Rushville at Hargrove and Mullin's Drug Store. —(Adv.)
